

## **Orange Bowl Candle**

Great for summertime!

These candles are so easy to make and they sell themselves. Each candle from this kit costs about \$ 5.00 to make and sell for about \$10.00. You can easily double your investment and they are so fast and easy to make!

### Supplies needed:

Wax Orange Bowls  
Pre-tabbed 5" wicks  
Candle Gel  
Fruit slices scent  
Wax fruit salad assortment  
A melting pot for wax  
A thermometer  
A stove or hot plate  
A suitable work area lined with  
aluminum foil or wax paper

NOW for the GOOD part – Making Your Candles!

### STEP 1

Prepare your work area – gather your materials. Place your gel into an electric melting pot, with a temperature control or directly on you stove burner on med/low heat.

NOTE: Presto makes a 6-quart pot with a control and it sells for under \$30.

### STEP 2

Attach a pre-tabbed wick to the bottom of the wax bowl with hot glue or pour a bit of melted gel in the bottom over the wick tab. Arrange the fruit salad in each orange bowl keeping the pre-tabbed wick straight and centered in the middle of the bowl.

### STEP 3

Heat gel to 250 F and keep it at this temperature until the gel appears as a clear liquid. Add your scent, stir well (then stir again) and allow the gel to cool to 200 F.

#### STEP 4

Pour gel at 200 degrees in a circular motion around the fruit. Watch your gel temperature carefully on this step because pouring your gel too hot will cause your wax pieces to melt and streamer to the top of the candle. This takes practice and patience!

#### STEP 5

Enjoy your candles! Watch them burn and enjoy the fragrance that you picked. Handmade candles also make great gifts. Your friends will enjoy receiving something that's handmade and if the directions are followed properly you will have made candles that are a better quality than what you can buy in most stores!

I hope that you have had fun making your candles – I know I enjoy making candles more than just about anything! If you have any questions or need any supplies, feel free to contact me at any time!

Keep in touch too! I would love to hear how your candles turned out.

Happy candle making!

Your Friend,  
Cindy Novack
